## What is it made from

Ali Glyde is a range of horizontal collapsible sliding folding shutters and grille systems. The eleven models provide variation of style, security and ventilation to close off retail areas such as duty free shops and serving counters. All Ali Glyde systems are manual operation with multi point locking.

## Typical Uses or Specific Use

Common applications for the Ali Glyde sliding folding grilles and shutters are retail shop fronts in Airports, Malls, information kiosk, theatres, railway stations, restaurants and reception counters.

## Security Level

Each model will vary to the level of security it achieves. Generally the open grilles are low security with the steel panel sliding shutters medium security.

## Benefit of product range

The Ali Glyde sliding folding grilles and shutters are all manual operation giving a low annual maintenance cost. The unique track design enables curved layouts and large spans to be achieved with minimal head room requirement.
